Chamber Chatter

By IRENE GROVE

"You gotta have a dream" — most important things that mean progress and betterment of an individual or a city begin with a dream, a vision of the thing desired. Our city needs space to expand, for industrial and business growth, space to develop recreational facilities and additional housing — That is why the vision or dream of the proposed waterfront development is so important to Albany's future.

But progress doesn't come from just dreaming — then comes action. The first step in this action is the passage of Senate Bill No. 287, introduced and co-authored by our good friends Senator John W. Holmdahl and Assemblyman Don Mulford. This bill provides that the Tidelands may be used for purposes other than harbors and fishing, as stated in the original grant to the city. There will be a hearing of this bill before the Committee on Governmental Efficiency Wednesday morning in Sacramento. A sizable delegation of city officials, members of the Planning and Zoning Commission, Small Craft Harbor Commission, and your Chamber of Commerce, headed by Mayor Carlevaro, will be present at this hearing.

Easter will soon be here — The Solano Avenue Merchants are now busy working on the final plans for one of the biggest and best Easter Fun Grams, Thursday, March 30. There will be a parade of school age youngsters at 1 p.m. with some special prizes for the different age groups and categories. So, kids, get your thinking caps on for some really terrific ideas for floats and costumes. The parade will be followed by a special movie at the Albany Theatre. You will have detailed information given you at your schools before Friday.

A big feature of the parade will be the students from DuMont Dance Studios — about 300 young dancers all in costume — there will be 20 adorable Easter bunnies, and a number of kittens and Mickey Mouses — sounds terrific, doesn't it!

Congratulations to the American Field Service on a most successful breakfast last Sunday morning at Cornell School — It seemed by the crowd that most of Albany dined on ham and pancakes last Sunday.

A special word of thanks to the board of directors of the Alameda-Contra Costa Transit District on their excellent public relations gesture of free rides on their beautiful new City Express buses on March 20. The Bay Area has a transit system of which they can be very proud.

It isn't too early to mark your calendars for an important coming event, the Testimonial Dinner for Charles A. Moore, who will soon retire after his 26 years of service as principal of Albany High School. It is slated for June 12 at the Claremont Hotel. More details later.

Notice — the Chamber of Commerce office will be closed until 2 p.m., Monday and Tuesday, March 27 and 28.

Adult Center To Stage Fashion Show March 28

A gala open house, with both an afternoon and evening fashion show, will be held as a special annual program of the Albany Adult Education Center on Tuesday, March 28, at Cornell School, 919 Cornell Avenue. The public is cordially invited to attend this program during any of the hours for which it is scheduled — 1 to 5:30 in the afternoon; 6:30 to 10 in the evening.

The Cornell cafeteria will be the center of a Fashion Show at 2:30 o'clock and again in the evening at 8, "Around the Seasons" garments will be modeled by students in the dressmaking, millinery and knitting classes of the Adult Center.

The auditorium will be a center of many activities during the eight hours of the program. There will be a number of working exhibits covering a wide variety of subjects. While members of the popular piano classes are playing background music, actual classroom demonstration work will be in progress. Working exhibits and displays will cover such fields as various art media, braided and hooked rug making, Braille, cooking and baking, dressmaking and tailoring, knitting, millinery, pottery, and mold making, mosaics, upholstery, furniture making and refinishing, and such homecrafts as lampshade making, picture framing, ornamented clothing, portfolios, fabric-covered boxes and unusual yuletide decorations.

The annual Open House has been scheduled again during Easter week, rather than during Public Schools Week, according to Robert G. Dennis, principal of the Adult Center, for two reasons: first, it precedes the opening of the Adult Schools Spring Quarter on April 3; and, second, it does not interfere with the regular day school classes.

Albany Civic Group Appoints New Committee

The second meeting of a group of Albany citizens was held last Thursday evening at 8 p.m. in the Cornell School cafeteria. The meeting was called to order by George C. Collier, temporary chairman. There was an outline and discussion of a possible method of operation for the group. This would be to study civic issues and problems and make a report with the group's recommendations to the members of the city council. The subjects to be studied would be supplied by the city council or chosen by the group. This plan would work only if it had the approval of the city council.

Mrs. Irene Moresi, a former member of the City Council of Alameda, spoke very interestingly of a similar group in Alameda which a few years ago had operated successfully and made a valuable contribution to that city. Many questions were asked Mrs. Moresi and her information was felt to be very applicable to the proposed operation.

Mulford Opposes \$100 UC Tuition Fee

Assemblyman Don Mulford (18th District) has declared vigorous opposition to the \$100 a year tuition fee for students at the University of California proposed by State Senator Stanford C. Shaw of Ontario. Mulford, who worked his way through the University, declared: "A tuition fee at the State supported university means that many lower income students, regardless of scholastic ability, will be denied an opportunity to obtain a university education without being plunged into debt."

"It is the obligation of all citizens of California to provide adequate university educational opportunities for those who are scholastically qualified. I do not agree with Senator Shaw when he singles out University of California students for this heavy financial burden and does not extend the same burden to students in the State colleges. His statement that the University is 'more selective' in enrolling students and these students will be 'better able to pay' is completely unacceptable. We cannot measure scholastic ability in terms of ability to pay," Mulford concluded.

ADVERTISMENT — Du Mont Studios

SPRING DANCE CLASSES START

At DuMont, dance teacher and director, announces new classes are starting daily at his DuMont Studios at 535 San Pablo Avenue, Albany.

Albany can well be proud of the DuMont Studios, where many talents have gone on to professional appearances. DuMont's current professional work includes choreography for the "Macombs" show for three successive years. He has appeared on a local television show as a teacher and dancer and he is now in the process of shooting his own independent television dance instruction series.

The DuMont Studio prides itself on offering the most modern, up-to-date dance techniques by highly qualified teachers. DuMont has made a recent trip to Hollywood for new dance material, which, he says, has proven to be a hit with his pupils. Though DuMont specializes in teaching ballroom, he and his staff give instructions in tap, ballroom and ballroom dancing to students of all ages.

If you feel your child has talent, DON'T DELAY, CALL TODAY and start on the way to fun, health and perhaps stardom. Classes are \$6.00 a month. Call LA 4-1492 or visit the DuMont Studio at 535 San Pablo Ave., Albany.

CHRISTIAN SCIENCE

The ever-availability of spiritual enlightenment will be emphasized at Christian Science churches Sunday.

Scriptural selections to be read in the Lesson-Sermon entitled "Reality" will include this passage from Isaiah (9:2): "The people that walked in darkness

have seen a great light: they that dwell in the land of the shadow of death, upon them hath the light shined."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this correlative passage will be read (546:24-26): "The great spiritual facts of being, like rays of light, shine in the darkness, though the darkness, comprehending them not, may deny their reality."

The Golden Text is from Psalms (97:11): "Light is sown for the righteous, and gladness for the upright in heart."

Christian Science Society of Albany meets at 533 San Pablo Avenue, Albany. Sunday morning services are held at 11 a.m. and the Wednesday evening meetings at 8 p.m. The Sunday School convenes every Sunday morning at 11 a.m. Everyone is invited to attend the Sunday morning services and Wednesday evening meetings and to bring their children to the Sunday School.

MORE AMERICANS ARE INJURED EACH YEAR IN AUTO ACCIDENTS THAN WERE INJURED IN BOTH WORLD WAR II AND KOREA COMBINED

It's a fact: 774,230 American servicemen injured in the last two wars. And yet, over 1 million auto injuries are reported each year! Good reason for car insurance coverage against costly accidents. More and more careful drivers are insuring with State Farm and enjoying complete car insurance protection, plus "Hometown Claim Service" wherever they drive. Contact me today.
